BOXING.

At a boxing contest at Canton, Wednesday night, before the Canton Athletic Club, Mike Farragher, of Youngstown, knocked out Ed Riley, of West Virginia, in eight rounds. Farragher had the best of the fight all the way through. Riley was knocked down three times in the last round, the third time going out. The bout was preceded by a number of four-round goes between local boxers. Bruner, of Cincinnati, the champion 105-pound man of Ohio, bested William Jackson, of Canton, in three rounds. The contest was at the Grand Opera House, and was largely attended.

The Metropolitan Athletic Club held a meeting yesterday afternoon. The chief business transacted was accepting the McGouldrick-Sheehan bout for the 22nd instant. These men came here to attend the Stelzer-Campbell battle, and both were after Campbell, as they had been previously, but to no purpose. Then they were matched for November 23, and yesterday the "Meis" took on the battle, but changing the date to November 22.

It was decided at yesterday's meeting that Mr. Gavin shall referee all contests under the club's auspices. This feature will be a condition imposed upon all the "pugs" wanting a go, and unless they agree to it they must seek other patronage. Hereafter the other members of the club will take a more active part, so as to ensure the home patrons against being flim-flammed by out-of-town sports. Good, clean contests are to be booked, and only those that are on the square will be considered. The club is anxious to secure Prof. James Gordon, of Washington, Pa., as its match-maker and manager, and expected him to be present yesterday. The McGouldrick-Sheehan contest will be pulled off under the present management, and following this event a representative of the club will go to Washington to confer with him, unless he is here the night of the Twenty-second.

A decision reached by the M. A. C. yesterday that will doubtless be accepted with hearty satisfaction, is its intention to have all contests begin earlier in the evening. The preliminaries will commence upon the arrival of the 8 o'clock motor, instead of one hour previous. To facilitate the work of bringing the main event on earlier, fewer preliminaries will be put on, and quality will replace quantity. Two swift preliminaries will be the rule, and nothing of the drag-along, after-while sort will go. This innovation will meet with the approval of all the Wheeling sports, and especially of the lovers of fislana, who live in Benwood and other nearby towns, for if the main event begins earlier it will end earlier. Few like to spend nearly all the night out at Fulton. Many have remained away, owing to such a circumstance being probable.

To the average local follower of the ring nothing much is known either of Jack McGouldrick, of Watertown, N. Y., or Peter Sheehan, of McKeesport, Pa. If they furnish the real article, enough is said. The probabilities are that they are in dead earnest, and London Campbell's crawl act in relation to either one, is evidence of their being somewhat up the scale. McGouldrick came to Wheeling especially to arrange a match with the winner of the Campbell-Stelzer contest, but he had to swallow disappointment. He and Sheehan are matched at catch weights, and they will range around 135 or 138 pounds.

The date selected for the "Meis" next affair is that chosen for the Davey-Unknown wrestling match. Both can't be pulled off to advantage and profit the same night.

CYCLING.

Omaha having withdrawn from the race for the 1898 L. A. W. national meet, the big event is practically assured to Indianapolis, and there is a consequent stir among wheelmen and business men, who are anxious to begin as early as possible to arrange for the entertainment of the thousands of visitors. Those interested are anxious now that a decision be reached by the executive committee that the place for the next meeting be decided by a mail vote. With practically but one candidate the vote might as well be taken first as last, and give the meet city as much

A woman's attractiveness in the eyes of man depends largely on her physical appearance. Nature, in order to preserve the race, guides mankind by the instinctive preference for a mate who is physically sound and wholesome.

If intellect alone were chiefly sought, the offspring might be a generation of Solomon for wisdom, but they would perish in infancy for want of physical stamina. A weak or unhealthy woman is unfitted to fulfill her part in perpetuating the race; she is unequal to the demands of motherhood and wifehood, she is robbed of her natural womanly attractiveness.

Many a woman is afflicted of life's choicest gifts by a dyspeptic, bile-poisoned condition of the system, which shows itself in a pimply skin, sallow complexion, tainted breath, or thin, ungainly form.

The most perfect remedy for all the mortifying symptoms of mal-nutrition and impure blood is Dr. Pierce's Golden Medical Discovery. Through its remarkable effect upon the liver and digestive organs it sweeps all impurities out of the circulation and creates a fresh supply of new, rich, life-giving blood.

It gives clearness and bloom to the complexion; sweetens the breath; rounds out the face and form, and invigorates the entire constitution with vital energy.

It restores the invincible beauty of whole, freshness and womanly capacity.

I was a complete wreck; appetite gone, nervous system impaired, could not stand on my feet ten minutes. writes Miss Ella Bartley of No. 313 1/2 South Grant Avenue, Columbus, Ohio. "I only weighed 55 pounds when I commenced taking Dr. Pierce's Golden Medical Discovery. After I had taken a half bottle I began to improve. I could sleep soundly the whole night, and would awaken with an appetite which was a rare thing at never had for two years back eaten a hearty breakfast. I now have an excellent appetite, and my friends say they never saw me looking better or in better spirits since they knew me. I tell them it is all due to Dr. Pierce's Discovery."

In all cases of obstinate constipation, the "Discovery" should be supplemented with Dr. Pierce's Pleasant Pellets.

As the swift years steal away.
Beautiful, willowy forms so slim
Lose fairness with every day.
But she still is queen and bath charms to spare
Who wears youth's coronal—beautiful hair.

Preserve Your Hair

and you preserve your youth.
"A woman is as old as she looks," says the world. No woman looks as old as she is if her hair has preserved its normal beauty. You can keep hair from falling out, restoring its normal color, or restore the normal color to gray or faded hair, by the use of

time as possible to prepare for the undertaking.

It is as good as settled that Indianapolis is to have not only a suitable track, but one which is up-to-date at the time of the holding of the meet. The only question which need interest wheelmen who contemplate coming to the meet, or who may have votes in the selection of holding the meet is the ability of Indianapolis to entertain. The reputation of the city as a convention city will be sufficient guaranty to all who know the city. More conventions are held there than in any city in the United States. The people have come to know the full value of national gatherings, and are willing to contribute their share toward bringing them and handling them in a manner worthy of the city.

The provisional committee decided that the time had come when the work should be turned over to the permanent meet club, and arrangements have been made for the organization of such a club. It is the intention to secure a down-town club house and organize a meet club, which shall take up the work where the provisional committee leaves off, and carry the work to completion.

A feature which is in contemplation is the bringing to the meet of the European champions. It is proposed that after the European championships are run off in July all the champions be induced to come to the national meet. It will be a strong card and one which will attract many thousands.

CANADA WANTS IT.

TORONTO, Nov. 11.—At a meeting of the executive board of the Canadian Wheelmen's Association it was decided to ask the co-operation of the League of American Wheelmen in securing the world's amateur meet for Canada in 1899. The meet is to be held in Vienna in 1898.

FOOT BALL.

A letter was received yesterday, from Manager McDermott, of Pittsburgh college, agreeing to play W. A. C. here Thanksgiving day. Later in the day Geneva college wrote, asking for the date, but it had been filled. Pittsburgh college puts up a fast article of ball, and the crowd will witness a good game that day. It will be played at the Island ball park, and preparations to make it a big affair will begin in a day or two.

W. A. C. will play the Acmes, of Steubenville to-morrow. They leave over the Cleveland & Pittsburgh at 2 o'clock and are confident of victory, though some difficulty has been experienced in getting as trim an eleven as desired. McFarland is home from Greensburg and will accompany the team, but the loss of Will Edwards and Clynk will be felt. The injury to Will Edwards' arm is not so serious as reported, and he promises to be in the game Thanksgiving, but Clynk will be out of it all season.

While W. A. C. is playing up in Steubenville, the Mettenbergers, a Junior aggregation, will be down here, meeting the Aetnaville Juniors on the Island ball park grounds. All who attend will see a spirited contest, and it is hoped there will be good weather, for the Aetnaville boys are under quite an expense in bringing the game here.

Last night at the W. A. C. gymnasium, a number of the football team met for practice. It was not convenient for all to attend, consequently the practice fell short of the necessary stimulus. The advantages of practicing in the "gym" were apparent, and in future it will receive more attention.

Manager Romine, of the West Virginia University football team, yesterday cancelled the game scheduled for Saturday against Centre College, to be played at Catlettsburg, Ky. The University team learned from several sources that Centre was loading up for that reason would not play them, and a good game is looked for at Morgantown on Saturday, between the 'Varsity second team and the Fairmont normal school.

Davey-Unknown Match.

One week from Monday night, at the Pythian castle, Frank Davey wrestles an "unknown" from Ohio, for \$200 a side. The first deposit of \$50 was made yesterday by Charles Oberman, Davey's backer, and it will be covered by the opposite party to-day. Davey will weigh 134 pounds, and is allowing his opponent six pounds, but those who saw him so easily defeat Daily a few weeks ago, know that a few pounds don't count much with him. Interesting boxing bouts will precede the main event.

NEW YORK-ST. LOUIS TRADE.

PHILADELPHIA, Nov. 11.—President Freeman has at last consummated a deal whereby he is to secure Orndy and Hartman, of the St. Louis club, for Holmes and Donnelly, and \$2,500. The New York president has been endeavoring to secure the transfer of Grady for several days, but was not successful until to-day.

SIMPLICITY ITSELF.

A Simple Harmless Remedy Yet It Cures the Worst Cases of Dyspepsia and Indigestion.

Dr. Jennison, who has made a life study of stomach troubles, says: All forms of indigestion really amount to the same thing, that is, failure to completely digest the food eaten; no matter whether the trouble is acid dyspepsia or sour stomach, belching of wind, nervous dyspepsia or loss of flesh and appetite; a person will not have any of them if the stomach can be induced by any natural, harmless way to thoroughly digest what is eaten, and this can be done by a simple remedy which I have tested in hundreds of aggravated cases with complete success. The remedy is a combination of fruit and vegetable essences, pure aseptic pepsin and golden seal put up in the form of pleasant tasting tablets and sold by druggists under the name of Stuart's Dyspepsia Tablets. One or two of these tablets should be taken after meals and allowed to dissolve in the mouth and mingling with the food in the stomach digests it completely before it has time to ferment, decay and sour.

On actual experiment one grain of Stuart's Dyspepsia Tablets will digest three thousand grains of meat, eggs and similar wholesome foods.

It is safe to say if this wholesome remedy was better known, by people generally, it would be a national blessing, as we are a nation of dyspeptics and nine-tenths of all diseases owe their origin to imperfect digestion and nutrition.

Stuart's Dyspepsia Tablets are not a secret patent medicine, but a fifty cent package will do more real good for a weak stomach than fifty dollars worth of patent medicines and a person has the satisfaction of knowing just what he is putting into his stomach, which he does not know, when widely advertised patent medicines are used.

All druggists sell Stuart's Dyspepsia Tablets, full sized packages 50 cents.

Umbrella

Needs not necessarily be an expensive one.

Especially is that the case just now, when the manufacturers are making such strenuous efforts to sell their goods by quoting low prices. The continued dry spell was hard on the seller, but the buyer of Umbrellas will now have the benefit.

Are exceptionally good fast black twilled gloria, mounted on hollow steel paragon frame, 26-inch size, with fancy wood handles, in black, green and burnt wood, an umbrella usually selling for one dollar.

Here we have two lines—one for ladies and the other for gentlemen—the former is a 26-inch frame, covered with the "Famous Carola" silk, and has pretty Dresden handles. The one for gentlemen is 28 inches, tight rolling frame, covered with twilled gloria, and has Congo Crook handle.

This is one of the banner umbrella values of the season, and would be cheap at two dollars, tight rolling frame, twilled serge cover, handles suited for ladies or gentlemen, in dresden, pearl and wood.

More than a thousand umbrellas to select from here. At these prices umbrellas suited for man, woman and child, every kind of handle, whether Wood, Pearl, Ivory, Dresden, Silver or Gold mounted.
